Our next meeting will be May 8, 2018 at the Red Ranch located on 11604 Innfields Dr in Odessa. Please plan on attending at 7:00 for refreshments before the meeting begins.

This meeting we will be focusing on our upcoming rated show, discussion of our very successful schooling show, and other important upcoming events.

Please reach out to Joan in the next few days if you are interested in providing the refreshments for our meeting. Of course SDCTA reimburses you so remember to save your receipts. Also, providing food and drink for a meeting can earn you volunteer hours. Joan's number is on this page.

**FYI JC Saddlery is having their annual re-sell it day on May 6!!!!!!**

A great time was had by all at our last schooling show of the season. On April 22, we had a strong showing of students at the Soaring Eagle facility. Laura Swain was the honorable judge. Her comments were positive and many of the newbies in dressage were immediately hooked. Great job with all the competitors.

Of course none of this is possible without the volunteers. Thank you to Joan Potter and Barbara Sutton for running yet another excellent show. Also thank you to the many volunteers who helped the day go smoothly. Please make sure that Joan or Barbara have your hours and that you keep up with it for end of the year awards.

La Petite, the French food truck was once again a great hit. It is hard to believe horse show food can be so delicious.

Thanks also to Soaring Eagle for providing such a calm, lovely place for us to compete.

Anyone out there interested in taking over the newsletter? In October it will be four years for me and I have learned a lot . It is always good to challenge yourself and the computer is not my strong suit. Lately though, it seems like getting the newsletter out is getting harder to do. I have less time and my computer is getting old and not as reliable. I will gladly finish out my term so there is not hurry to find a replacement but if anyone wants to pick it up sooner that would be wonderful

Thanks, Jane

There was no formal business meeting and therefore no minutes. We didn't want to take time from our guest speakers from Farmhouse Chiropractors.

Jillian Johnson, DC and Ashlee Parker gave a very informative and hands-on presentation. Snickers, was the lucky recipient of their four healing hands.

Jillian is both an equine and human chiropractor. Her humans now a days consist mostly of riders. She also works on dogs and works on some of the top show dogs in the country. Because Jillian is not an equine vet she follows the rules of the AVCA of which she is a certified practitioner. She will not work on your horse unless your vet has signed their form. There are many people out there acting as equine chiropractors that have neither gone to school for their certification or follow proper protocol in getting the vet's permission to work on their horse.

Ashlee Parker has recently become certified in equine massage. It is extremely beneficial to have her relax the horse's muscles with massaging before Jillian manipulates the bones. Ashlee also does hour massaging without the chiropractic work.

We all saw the benefits from Snicker's treatment. A lot of yawning, soft eyes, and yes a little gas passing. Farmhouse Chiropractors gave his soon to be new owner some tips as to stretching between treatments to keep Snickers happy and more willing to work.
